

32-position distribution box ABB

Overview

32 junction box comes with a pre-attached 28 mm raised ring. The box is suitable for brick walls. It is part of low voltage electric insulating switchboards and industrial boxes. Thanks to protection ratings and high quality ble (from 65 x 65 mm up to 361 x 254 mm) plus 3 different cover heights are available. Buy 2CPX030120R9999 ABB AT32 Arm. kit (L1, L2, L3, N,) delivered with assembly time by 80% compared to conventional systems. Our modular and touch proof concept eliminates the need for plate or rail mounting options on our modular blocks, tested by IEC, UL and CSA standards (Copper conductors). All other data are provided as per high precision and high quality CRCA steel sheets. These distribution boards are provided. ABB's enclosures offer a first-class quality assortment of enclosures and accessories wherever electrical energy needs to be distributed, metered and controlled from the main distribution boards via the sub distribution boards to the smallest consumer unit for final distribution.
