

50kWh outdoor energy storage unit for oil pipeline monitoring

Overview

This 50KW/50KWH battery system includes ten LiFePO₄ modules, a 50KW inverter, and a smart EMS/BMS, all housed in a compact IP54 cabinet. It delivers reliable storage for peak load shaving, solar optimization, or backup support. The BATTLINK 50kWh C&I Energy Storage System optimizes energy use for businesses by reducing costs, enhancing efficiency, and ensuring reliable power. With smart monitoring, modular scalability, and multi-layer safety protection, it supports on-grid, off-grid, and microgrid applications. Built for commercial use, the system is robust, space-efficient, and. The GCB-E50 is a fully integrated outdoor energy storage cabinet designed for commercial and light industrial applications requiring reliable performance in challenging environments. The Commercial & Industrial 30kW 54.
