

# CE Certified Liquid-Cooled Switch 100G

## Overview

The DynaNET 100G-01 is a high performance switch for Automotive and rugged applications, where extreme levels of performance, reliability and compactness are required. Delivers 16x 40/56/100GbE ports over QSFP28, and with breakout cables up to 32x 50GbE or 64x 10/25GbE ports for a total throughput. FS 100G Switches offer high programmability and scalability, designed for large enterprises and hyper-converged infrastructure (HCI) networks. Learn more!The VX6940 is a 6U VPX non-blocking L2/L3 switch built around a Broadcom® 72 × 10GbE port high-density switch with 100G uplinks capability offering 720 Gb of I/O bandwidth. Compliant with VITA65 / SLT6-SWH-14F16U1U15U1J-10. 1 slot profile, it offers front and rear connectivity in air-cooled and. Welcome to ODOT Automation, a leading name in the design and manufacturing of state-of-the-art networking solutions, including our latest innovation in the realm of high-speed connectivity: the Wholesale CE Certification Switch 100g.
