

Distributed pricing of optical fiber splicing packages

Overview

For most commercial projects, expect to pay \$50-\$150 per fusion splice point - but that number can swing in either direction based on the factors below. Fiber optic splicing costs vary widely depending on project size, location, fiber type, and site conditions. This practical guide will demystify the complexities surrounding fibre splicing expenses, offering clear insights and. 1) Proofing and Placement - Per foot pricing for proofing and placement of approximately 1,856,332 ft (351. 864F Prysmian non-armored ribbon cable (24 Fibers per ribbon) into existing empty. conduit (price includes the provision of redline documentation, fiber cable. I usually bill T&M, but it works out to about \$175-250 for setup/teardown per site and \$4-7 per fiber for prep in a new tray in an existing case and splicing depending on if it's flooded or dry cable.
