Explosion-proof distribution box JXD

Overview

The SVEX-JXD4 Explosion-Proof Junction Box is a rugged and reliable connection hub designed to support power and signal integration in explosion-protected camera systems. It is broadly applicable to onshore and offshore oil and natural gas, ocean-going vessels, wind power, chemical engineering and other fields with ultrahigh requirements for the. ZUOAN industry-leading explosion proof electrical junction boxes (also known as explosion proof junction boxes) with CNEx certification have been trusted by global industrial projects. These sturdy solutions are certified according to global standards such as ATEX, IECEx. The explosion-protected junction and pulling boxes, available in different methods of protection and materials, can also be used with terminals, as a command and control units and as interface units depending on the models. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times.
