

German laser diodes

Overview

The leading Laser Diode Manufacturers in Germany are listed in this directory. In order to optimize the site and to continuously improve it, and for statistical evaluation, we use cookies. Google cookies for website analytics. Generates statistical information about how the visitor uses the. FLC - Frankfurt Laser Company GmbH is a world-leading supplier of FP, DFB, and DBR laser diodes, SM individually addressable and broad area laser diode arrays, VCSELs, and Quantum Cascade Lasers, and incorporating them products - laser diode modules free space and fiber-coupled, DPSS lasers, and. Pulsed laser diodes, avalanche photodiodes, IR detectors, laser optics, laser modules and fiber optic assemblies from our own production are available around the globe. In addition, there are numerous other products from premium partners that are perfectly tailored to the requirements of your home. Omicron Lasertechnik Laserprodukte GmbH - Diode lasers, DPSS lasers, LED modules and more. Since 1989, Omicron has been developing, building and producing innovative laser systems. Intellectual property is covered by several patent families. Products include tunable micro-external cavity diode lasers as well as in external cavity diode lasers Littman/Metcalf configuration, low.
