

# How much does it cost to install a fiber optic pigtail cable

## Overview

Fiber optic cable installation costs average \$4,500 for most homeowners, with most installations ranging from \$1,500 to \$7,000. Fiber-optic cable materials typically cost \$1 to \$6 per linear foot, depending on fiber count and cable type. The installation type you choose and the layout of your property determine the total labor and materials needed for your project. You should account for permit. Whether you need singlemode, armored, or indoor plenum, this guide gives you the exact cost per foot of fiber optic cable — including installation — so you can budget without guesswork. Data aggregated from Q1 2026 contractor invoices across Texas, Ohio, and North Carolina. This comprehensive guide breaks down the factors influencing pricing, average expenses, and tips to get the best value in 2025.
