

How much does it cost to renovate a power distribution box on a construction site

Overview

The total cost to upgrade an electrical box typically ranges from about \$1,500 to \$13,000, depending on panel amperage, labor rates, and required wiring upgrades. Use our Cost Calculator for cost estimate examples customized to the location, size and options of your project. Set Project Zip Code Enter the Zip. While pricing can vary based on location, building size, and specific needs, here are general estimates: The cost to upgrade an electrical panel to 200 amps in a commercial building is typically on the higher end of that range. Larger warehouses with extensive machinery may need significantly more. Electrical panel replacement costs range from \$518 to \$2,188, and your total reaches up to \$4,500. The amperage your home needs and the type of panel you choose will determine your final project cost for the replacement.
