

# How to make cable trays turn green

## Overview

Add view filters for the different cable trays -> Add the filter in the view -> Set the surface pattern as Solid Fill and set the color. Also the question is, how do you change the color of a model in Revit?

Go to File in the top left. Click Options in the bottom right. if the cable tray has three. Is there a way to change your cable tray to a different color?

Currently in 3D it shows the cable tray as gray but i would like to change the color to red instead. 08-08-2016 08:07 AM If you just want it solid red it a specific view. How easy is it to do this?

Can I just add extensions to the existing cables, or do I need a specific type of cable?

For example will the. For more information about the script visit my website <https://dynamoscripts>. We can apply cable tray material in `MANAGE>OBJECT STYLES> CABLE TRAY & CABLE TRAY FITTING` (For all types).
