

Huawei All-Optical Switch

Overview

The Huawei S5736 Switch series offers all-optical gigabit access, layered intelligence, and flexible uplink speeds—positioning it as an exceptional Campus Switch and Enterprise Switch that both meets today's needs and adapts to tomorrow's growth. CloudEngine S5736-S Series Switches are next generation standard all-optical GE switches, with 48 downlink optical ports and four 10 GE uplink ports. These all-optical models offer pay-as-you-grow. CloudEngine S5735-S-V2 switches support simplified operations and maintenance (O&M), and flexible Ethernet networking. For example, it can be used as an access or. All-optical Ethernet switches are a type of switch that provides optical uplink and downlink ports, making them an ideal choice for building an all-optical campus network.
