

Huijue Fiber Optic Layer 3 Switch

Overview

All models provide fixed 10G fiber ports, With high switching capacity, the L3-10XGF12 support wire-speed L2/L3 forwarding and high routing performance for IPv4 and IPv6 protocols. Huijue Net integrates prefabricated buildings and intelligent modular data center technologies. Integrating intelligent temperature control, power supply, lithium battery and AI technology Huijue Net cabinet adopts modular design, simple installation, easy expansion, rich accessories, and meets the. The DXS-3400 Series switches feature a modular fan and power supply design for a high availability architecture. The hot-swappable design means that fans and power supplies can be replaced without affecting switch operation. Physical and virtual switch stacking allow the switches to be managed from. Fiber Optic Equipment, Network Cabinet from China Manufacturers - Shanghai Huijue Network Communication Equipment Co. Continuous research and development, participation in. Huijue Networks is a high-tech service manufacturer integrating intelligent network communication equipment and an integrated application of computer intelligent network communication systems. In-depth knowledge of the industry and research and development of innovative technologies, business. Optical fiber active connectors: Optical patch cords, optical fiber connectors, optical fiber patch cords, Optical splitter: Optical fiber coupler, optical splitter, fused coupler, fused taper, planar waveguide optical splitter, plc splitter, coupler, blade type, box type, rack type, lgx, Fiber.
