

Intranet 360 Optical Distribution Box

Overview

The product can meet the requirements of optical cable oval uncut installation, and meet the requirements of large number of core optical cable fusion and entering the home. Water-proof design with IP65 protection level. Fiber distribution box is made of high-strength engineering plastics, anti-UV, anti-aging ability. Vertical Closure: Vertical closures are suitable for applications with limited lateral space. OTRANS strives to provide you with professional, reliable. Wherever glass fiber connections have to be installed in a harsh environment - in offices, industry or Fiber-to-the-Building/-Home customer access networks - high demands are made on the value and flexibility of the distributor housing and easy access whilst installation and maintenance. The fiber splitter distribution box supports fiber splicing, splitting, distribution, "three in one" and fiber optic distribution box also offers solid protection.
