

Latest News on Huijue Optical Modules

Overview

25 -- Shares of Huilyu Ecological Technology Group jumped after it announced a CNY700 million (USD98 million) deal to boost production of optical communication modules for use in artificial intelligence data transmission. Technical Specification for Lithium-ion Batteries for Household and Similar Use Issued and Implemented In January 2026, the national recommended standard GB/T 46732—2025 "Technical Specifications for Lithium-ion Batteries for Household and Similar Appliances", overseen by the National Technical. On 15 October 2025, Shanghai Huijue Technologies Group Co. (hereinafter referred to as 'Huijue Group') strategically positioned itself with dual exhibition booths (Stand 8. 0J20-22 in Zone A and Stand 14. To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an. (Yicai) Aug. 7 percent in morning trading. When deploying solar farms across California last month, engineers faced a critical question: How can modern industries achieve precise solar energy forecasting?

The answer lies in advanced irradiance sensor arrays – but why do 43% of renewable projects still report measurement discrepancies. Huijue Group's commercial and industrial energy storage solutions offer capacities ranging from 30 kWh to over 30 MWh. These solutions cover most commercial applications, such as electricity cost management, photovoltaic self-consumption, backup power scenarios, microgrids, and off-grid.
