

Luxshare acquires optical module manufacturer

Overview

Following the signing of a binding agreement in September 2024, and the successful completion of all required regulatory approvals, Luxshare-ICT has acquired a 50.1% stake in Leoni AG with its Wiring Systems Division (WSD), previously fully owned by Stefan Pierer. Nuremberg, 10 July 2025 – A significant milestone on the path of Leoni's sustainable turnaround, which has been consistently implemented under CEO Klaus Rinnerberger and Stefan Pierer as the former sole owner, has been reached: The company has successfully concluded a far-reaching partnership. Luxshare-Tech collaborates with industry's leading optoelectronic ICs to develop optical interconnect products based on silicon photonic engine technology, providing end-to-end support and services for next-generation wireless communications, data centers, cloud computing, HPC and more. Our optical. ICC Information News On January 6, the SAMR (State Administration for Market Regulation) announced the "List of Unconditionally Approved Business Concentration Cases from December 23 to December 29, 2024," which included the equity acquisitions by Luxshare Precision of Leoni Kabel GmbH (Leoni K). Luxshare, a Chinese electronic components manufacturer, has agreed that it will acquire a 50. Oct 25, 2024 Austrian entrepreneur Stefan Pierer and Luxshare, a Chinese electronic. The acquisition of Wingtech Technology's consumer electronics business and the integration of its partnerships with Huawei and Xiaomi are intended to address this "single-client" problem, but addressing this dependency in the short term will be difficult. Automotive electronics: The.
