

Outsourcing of complete electrical distribution box assembly

Overview

Full turnkey electronic product assembly from PCBs to finished products. Ship ready-to-sell products directly to your customers. Tell us about your box build project and receive a detailed quote within 24. As leading box build assembly manufacturers, our vertically integrated box build solutions help customers streamline their supply chains by eliminating the risk and complexity of working with multiple suppliers for cable assemblies, wire harnesses, and PCB assembly. All components are managed by. Let Arimon help you concentrate on your core competencies by outsourcing your control panel or control box assembly. Increase your throughput, reduce raw material and work in process inventories, and free up floor space, with a turnkey solution ready that's for installation. Wiringgo manufactures custom wiring. PEKO offers turnkey box build assembly services tailored for OEMs manufacturing complex and highly regulated electromechanical systems. Our expertise spans the entire lifecycle—from mechanical fabrication to full systems integration—delivering fully functional, ready-to-use box build solutions.
