

# Somali Mobile Optical Module Project

## Overview

DALLAS, June 20, 2023, a global leader of access, optical and cloud-controlled software-defined solutions, today announced that Somtel, a leading telecommunications service provider based in Hargeisa, Somaliland and subsidiary of Dahabshiil, a global finance. DALLAS, June 20, 2023, a global leader of access, optical and cloud-controlled software-defined solutions, today announced that Somtel, a leading telecommunications service provider based in Hargeisa, Somaliland and subsidiary of Dahabshiil, a global finance. The Federal Republic of Somalia, located on the coast of the Horn of Africa, Somalia has up to 5 submarine cable gateways, enabling the connection of at least 12 cables, making it possible for the country to obtain internet connectivity from various international destinations. However, a lack of. The World Bank proposes to engage and support the Federal Government of Somalia (FGS) as part of the Eastern Africa Regional Digital Integration Project (EA-RDIP), Phase 1, which in the long term aims to promote the expansion of an integrated digital market across Eastern Africa by increasing. In one of the world's most challenging deployment environments, DZS compact and environmentally resilient coherent optics driven middle-mile solutions offer leading-edge reliability, scalability, performance and cost efficiencies DALLAS, Texas, USA, June 20, 2023 – DZS (Nasdaq: DZSI), a global. Somalia is embarking on an ambitious journey to bridge its digital divide by accelerating the deployment of optical fiber infrastructure.
