

# Surface-mounted fiber optic box

## Overview

The fiber wall outlet (also known as fiber wall plate, faceplate, or rosette box), is a compact surface mount box designed for FTTH (Fiber to the Home) networks. It serves as a termination point between drop cables and Optical Network Terminal (ONT) devices. Whether you're setting. Leviton manufactures a wide variety of fiber optic enclosures for all your project needs, including rack- and wall-mount, 1RU to 10RU, zero-U, high density, and application-specific models. Fiber rack-mount enclosures use the HDX cassette platform to provide an ultra-high-density solution for. Corning surface mount enclosure is a cost-effective option for storage, protection and termination of optical fiber cables in applications with minimal mounting space. The enclosure comes pre-loaded with adapters and offers protection for the fiber cable and connectors for indoor wall-mount. This empty box by Delock is suitable for mounting 4 Keystone modules and can be used as a junction box on the wall or in enclosures. The enclosure integrates fiber.
