

# Swiss ODMQ SFP28 optical module SFP

## Overview

The 25GBASE SR SFP module is intended for 25 Gigabit Ethernet and Infiniband EDR applications. SFP28 25G SR transceivers use duplex LC connectors and can reach up to 100m over OM4 multimode fiber and 70m over OM3 MMF. The electrical interface employs a 20-contact edge-type connector. This modular. This article provides a comprehensive comparison of mainstream optical transceivers, including SFP, SFP+, QSFP+, QSFP28, and QSFP-DD. Please refer to the respective datasheets for m power and Rx sensitivity. Dispersion/path penalti s not taken into account. FEC: If FEC is required in. SFP28 supports 25 Gbps per lane. Below, you will find comprehensive module comparisons, realistic market pricing, and precise vendor compatibility protocols to ensure a.
