

What electronics manufacturer manufactures optical modules

Overview

Major optical modules manufacturers and suppliers: Innolight, Eoptolink, Huagong Tech, Linktel, Accelink, CIG ShangHai CO. This section provides a list of the top 10 Optical Module manufacturers, Website links, company profile, locations is provided for each company. To help you choose the best partner, this article will analyze and. The optoelectronic devices manufacturing industry focuses on creating components that detect and emit light. Dive in to discover the leaders in. The latest data shows that Xutron Technology and II-VI acquired Finisar, the leading optical module company, and tied for the first place in optical module market share in 2021, which is also the first time for a domestic vendor to reach the top of the list.
