

# Which company in Guyana specializes in spectrometer analysis

## Overview

Kaizen Environmental Services Guyana Inc. is an environmental consulting and services company specializing in laboratory analysis, environmental monitoring, and technical solutions for Guyana's industrial, energy, and productive sectors. The Guyana Geology and Mines Chemical Laboratory is a section of the Geological Services Division and comprise the following sub-sections: Sample Preparation of all Geological Materials – rocks, cores, soil, gravel, sediment, slag, concentrates, etc. Welcome to Actlabs Guyana, proudly serving the region since November 2008 and expanded into a full-service. Aditya Systems has established its reputation in the domain and run under the brand name of LADA. As part of the international Kaizen Group, we deliver. Spectro Scientific, an ISO 9001:2015 company, develops a broad array of fluid analysis instruments for evaluating machine and lubricant condition in the field, in the lab and in highly mobile, handheld applications. Spectro Scientific, an ISO 9001:2015 company. That's why Qualitest Offshore Inc. offers accurate Optical Emission Spectrometer (OES) services for on-site alloy verification across Guyana.
